

What will you get out of a School of Connection Sydney Conscious Singles Event?

[SCAN ME FOR TICKETS](#)

Skip the small talk

- It's not about what you do, it's about who you are! At our events, we ask the juicy questions about deal breakers, desires, boundaries and passions so that you get to authentically connect with the person in front of you.

Learn how to communicate in a mature way

- So many relationships fail due to poor communication (ignoring the issue, passive aggression, outright aggression, texting instead of talking etc). We practice how to raise & hold hard conversations with emotional maturity, honesty, integrity & kindness.

Flip the script

- It's 2020 and we don't believe that men should exclusively ask women out. Our exercises challenge social norms and get everybody on the same playing field by putting themselves out there!

Make multiple connections

- Everybody wants to meet someone organically, but few people spend time nurturing new friends & connections. Just remember, you may not meet the love of your life, but you could well meet their best friend!

So, if what you're doing hasn't worked so far, why not try something out of the box?

Join us at an upcoming **CONSCIOUS CONNECTIONS EVENT**
